

Model TAL-3000T Tamp Label Applicator

TAKE-A-LABEL... Providing Economical Solutions In Tamp Labeling Systems

The Model TAL-3000T has been designed and built from the ground up to be a very simple to operate high accuracy label applicator. Designed to be efficiently operated by skilled and non skilled operators, the TAL-3000T will provide accuracy of +/- 1/32" or better. The TAL-3000T can label both flat and semi-flat products.

When your labeling project requires the durability of the industry "work horse" at a price that works for you, look to the Model TAL-3000T Tamp Label Applicator for your labeling solution.
